# HANSA International Maritime Journal YACHTS

**HANSA YACHTS** is a forthcoming special issue for yacht shipbuilders, sellers and buyers from HANSA-International Maritime Journal – the leading maritime and shipbuilding industry trade magazine for more than 150 years.

Worldwide shipbuilding is becoming increasingly niche-responsive and specialised, and the technical requirements for high-quality yachts are too – especially, high profile super yachts.

As experts on shipbuilding, **HANSA YACHTS** covers:

- influential market transformations and trends
- current and future systems and technologies
- significant yacht projects to be delivered
- innovative designs and equipment
- differentiating yacht benefits verses features

**HANSA YACHTS** magazine is complete with interviews and insights of global yachting industry leaders, along with accurate and concise reports for day-to-day business.

These are the advantages of **HANSA YACHTS!**
